

### Scope

The leading English-language legal publication in its field, *Arab Law Quarterly* (ALQ) covers all aspects of Arab laws, both Shari'a and secular. It provides authoritative articles on the laws and legal developments throughout the twenty countries of the Arab world, notes on recent legislation and case law, guidelines on future changes, and reviews of the latest literature in the field.

Particular subject areas covered include:

- Arab laws in transnational affairs
- commercial law
- Islamic Law (the Shari'a)
- international comparative law

Articles, book reviews, case reports, notes, public law records and topical notes are welcomed by the Editor-in-Chief for consideration. The topics chosen for contributions should be practical and timely, but articles of a historical nature will be considered if providing useful or unique information. Contributions expressing political viewpoints are not acceptable.

### Ethical and Legal Conditions

Submission of an article for publication in any of Brills' journals implies the following:

1. All authors are in agreement about the content of the manuscript and its submission to the journal.
2. The contents of the manuscript have been tacitly or explicitly approved by the responsible authorities where the research was carried out.
3. The manuscript has not been published previously, in part or in whole, in English or any other language, except as an abstract, part of a published lecture or academic thesis.
4. The manuscript has not and will not be submitted to any other journal while still under consideration for this journal.
5. If accepted, the author agrees to transfer copyright to BRILL and the manuscript will not be published elsewhere in any form, in English or any other language, without prior written consent of the Publisher.
6. If the submission includes figures, tables, or large sections of text that have been published previously, the author has obtained written permission from the original copyright owner(s) to reproduce these items in the current manuscript in both the online and print publications of the journal. All copyrighted material has been properly credited in the manuscript. For more information on the reuse of figures, please go to [brill.nl/Rights-in-Images](http://brill.nl/Rights-in-Images).

## Online Submission

ALQ now uses online submission only. Authors should submit their manuscript online via the Editorial Manager (EM) online submission system at: [edmgr.com/alq](http://edmgr.com/alq).

First-time users of EM need to register first.

Prior to submission, authors are encouraged to read the 'Instructions to Authors' and the EM instructions available by following the above link and clicking on the 'help' icon in the top left hand menu on the page. Online submission considerably shortens overall publication time. When submitting via the website, you will be guided stepwise through the creation and uploading of the various files.

Please upload source files and not pdf files. Any figure files should be uploaded separately, and should have high density of at least 300-600 dpi at a size suitable for printing.

The revised document is uploaded the same way as the initial submission. The system automatically generates an electronic (PDF) proof, which is then used for reviewing purposes. All correspondence, including the editor's request for revision and final decision, is sent by e-mail.

### *Files*

Files to be uploaded should be source files (.word, etc.) and not pdf files.

### *Contact Address*

For any questions or problems relating to your manuscript please contact the Editorial Office at: [alq@brill.nl](mailto:alq@brill.nl). For eventual questions about Editorial Manager, authors can also contact the Brill EM Support Department at: [em@brill.nl](mailto:em@brill.nl).

## Publication

### *Proofs*

Upon acceptance, a PDF of the article proofs will be sent to each author by e-mail to check carefully for factual and typographic errors. Authors are responsible for checking these proofs and are strongly urged to make use of the Comment & Markup toolbar to note their corrections directly on the proofs. At this stage in the production process only minor corrections are allowed. Alterations to the original manuscript at this stage will result in considerable delay in publication and, therefore, are not accepted unless charged to the author. Proofs should be returned within 7 days of receipt to the journal manager.

### *E-Offprints*

A PDF file of the article will be supplied free of charge by the publisher to each author for personal use. Brill is a RoMEO green publisher. Authors are allowed to post the pdf post-print version of their articles on their own personal websites free of charge. This means they can show the article exactly as it appears in print. The institute employing the author is allowed to post the post-refereed, but pre-print version of articles free of charge on its repository. The post-refereed, pre-print version means the final accepted version of the manuscript before typesetting.

## Consent to Publish

### *Transfer of Copyright*

By submitting a manuscript, the author agrees that the copyright for the article is transferred to the publisher if and when the article is accepted for publication. For that purpose the author needs to sign the **Consent to Publish** which will be sent with the first proofs of the manuscript.

### *Open Access*

In case the author wishes to publish the article in **Open Access** he/she can choose the **Brill Open** option, which allows for a non-exclusive Open Access publication in exchange for an Article Publishing Fee, and sign a special **Brill Open Consent to Publish**.

More information on Brill's policy on Open Access can be found on [brill.nl/open-access-policy](http://brill.nl/open-access-policy).
